

Flight School

There are 21 lessons to become a pilot! Starting as a beginner, you will be trained by a flight instructor. At the end of each lesson you can earn up to 3 stars. The lessons can be repeated individually to improve and master each lesson.

- Begin by watching the demonstration by clicking on “Demonstration” on the bottom of the screen.
- Once the instructor tells you how to perform the lesson, you will take control as Pilot in Command (POC)
- Perform the lesson as instructed to achieve the best rating that you can get.

Once you go through all 21 lessons you will have the basic knowledge needed to fly on your own, and gain the basic understanding of flight.
